

Contessa

Contessa® for 1992 by *Beaver Coaches*. A heady new motor home that delivers more for the money than any other coach in its luxury Class A category. Bar none.

This Contessa comes off the line as *Beaver* celebrates 25 years of leadership in recreational vehicle manufacturing. A stability unparalleled in the motor home industry. But stable doesn't mean static at *Beaver Coaches*. And on top of traditional value, this new Contessa emerges with exciting changes to mark the celebration.

Inside, rich, upscale fabrics compliment the coach's solid oak or walnut cabinets. Under foot in the kitchen, a parquet or hardwood plank floor provides the warmth of wood again. And functional new floor plans make it easier than ever to love Contessa living.

Of course, the excitement doesn't stop at the door. Outside, a pass-through cargo bay and other storage areas sport doors that open wider than ever and are equipped with convenient new paddle latches. And even with all storage compartments loaded, this Contessa's favorable GVWR makes hill climbing a simple matter.

The 1992 Contessa is powered by one of two Caterpillar turbocharged engines; a 250 b.h.p. 3116 that delivers an impressive 29% torque rise or an even more muscular 300 b.h.p. 3208. And softly cushioning every new Contessa's power...a RideWell® suspension system with outboard air bags.

The new 1992 Contessa®. Quality and value from rubber to roof. Select yours today at your nearest *Beaver Dealer*.

Contessa® owners enjoy the company they keep! Including friends in the prestigious *Beaver Ambassador Club*. And the industry's finest maintenance crew who's on call through Beaver's toll-free service advisory number and national sales and service network.

LIMITED WARRANTY

Beaver's coaches come with a one year limited warranty. The limited warranty is set out in full in Beaver's Owner's Manual. Please refer to the owner's manual for a complete description of Beaver's one year limited warranty and for a description of the exceptions and exclusions to that warranty. Certain component parts are warranted by the component part manufacturer rather than Beaver including the engine, transmission and chassis. With respect to those components, please refer to each manufacturer's Statement of Warranty for the most current information.

A copy of Beaver's Owner's Manual and its one year limited warranty is available from Beaver or the dealer upon request. Beaver encourages you to review the limited warranties prior to purchasing a coach.
